

Baptist Hospital Credit Union

Employee Group Information/Membership

Employee groups with less than 3,000 employees, who do not currently have access to a credit union, are eligible to offer Baptist Hospital Credit Union as an employee benefit to their employees. An employer who offers a comprehensive benefit program to their employees has an interest in recruiting and keeping qualified personnel. Credit union membership is a valuable benefit your employees will appreciate. Your employees may not have an opportunity to join unless you offer it as a benefit. Your employees will have access to many financial products at no or low costs.
